**GROWERS OF THORNDALE IVIES**  
AND OTHER HARDY VINES AND GROUND COVER PLANTS

PRICE LISTEVERGREEN GROUND COVER PLANTS

For steep banks or sunny slopes, for areas under trees too shady for grass, for hard to mow places, for soils too heavy or too light...evergreen ground cover plants may be the perfect answer. Ivies, Trailing Myrtle, Spurge or any one of several Wintercreepers will be suitable to meet the special needs of a given situation. They are also ideal for pool or border edgings and foundation planting in combination with a few well selected accent plants.

Ground covers require very little maintenance since weeds will not survive under the dense carpet of an established bed. All of the plants listed here are evergreen and winter hardy in the Illinois, Wisconsin and Minnesota regions.

THORNDALE SUB-ZERO ENGLISH IVY - *Hedera helix*. Will thrive in dense or light shade but will also do well in sunny locations if watered during dry spells. Any good garden soil will do. Thorndale Ivies have survived 30° below. Besides being one of the finest of all evergreen ground covers, they will also climb on walls and chimneys.  
Planting distance: 12 to 24 inches.

6 for \$ 4.50  
12 for \$ 8.50

25 for \$15.00  
100 for \$50.00

WINTERCREEPER - *Euonymus colorata*. An extremely hardy ground cover which thrives in sunny or shady places in good or poor soil. Rapid grower, also excellent vine.

WINTERCREEPER - *Euonymus acuta*. Smaller foliage than *Euonymus colorata*. With more prostrate growth and just as hardy and tough. Makes a solid green carpet in a short time.

Potted plants of both varieties:

6 for \$ 2.75  
12 for \$ 5.00

25 for \$ 9.50  
100 for \$35.00

SPURGE - *Pachysandra terminalis*. Prefers shady places and will do well in any good garden soil.  
Planting distance: 4 to 6 inches.

Bare root plants:

25 for \$ 2.95

100 for \$10.00

TRAILING MYRTLE - *Vinca minor*, variety Bowles. Glossy foliage, covered with large blue flowers all through May when tulips are in blossom. Grows in sun or shade in any good garden soil. Planting distance: 9 to 12 inches.

Field grown plants:

6 for \$ 2.00

25 for \$ 7.00

12 for \$ 3.75

100 for \$25.00

Orders for plants in lots of 12 or less are postpaid. Plants in lots of 25 or more will be shipped via Railway Express, shipping charges collect. 50 plants at 100 rate. Remittance should be sent with order.  
No C. O. D. orders, please.
